

Tutoriel : Accéder à la classe virtuelle (VIA)

1. Se connecter sur pratic : <https://pia.ac-besancon.fr/accueil/>

The screenshot shows the Pratic website interface. The top navigation bar includes 'Accueil', 'UEC/E-SPE', and 'Nouvelle page'. On the right, there are buttons for 'Ajouter des widgets', 'Options', 'ENOE', and 'Éclair-ÉPC'. A sidebar on the left contains a 'Légende' section with radio buttons for 'Réseau public', 'Réseau agrariés', and 'Réseau interne', and a 'Widgets' section with a search bar and a 'Bibliothèque de widgets' dropdown. The main content area is divided into several sections: 'Informations' (with tabs for 'Infos de gestion', 'Infos techniques', 'Signalé', 'Académie', 'OS'), 'Mes ressources métier' (a grid of various educational resource icons), 'TRIBU' (with a 'CONSULTER' button), 'Agenda académique' (with a 'CONSULTER' button), and a calendar for 'Mars 2020' showing 'Aucun événement'.

2. Ajouter le Widget.

3. Rechercher le widget « Via »

This screenshot shows the same Pratic website interface as the previous one, but with the 'Widgets' search bar in the sidebar activated. The search bar contains the text 'via' and shows search results: 'Résultats pour Via', 'Via Michelin', and 'Classe virtuelle'. The rest of the dashboard, including the 'Ajouter des widgets' button and the main content sections, remains visible in the background.

4 Ajouter le widget à la page. Afin de ne pas le rechercher à la prochaine connexion.

5. Lancer l'application « Via classe virtuelle ». Puis Cliquez sur accéder.

7. Lancer le Flash.

8. Suivre les indications du test.

Vous pouvez participer à la classe via sans webcam.
